Small Homework

For our coming SCRUM Club session tomorrow we are planning to conduct an interactive, hands-on session with you in Tableau. To be able to make the most out of this opportunity please do prepare the following:

1) Download & Install Tableau on your computer. You can find the installer here.

2) Obtain a free Tableau academic licence from https://www.tableau.com/academic. (Not strictly mandatory for our session. The trial mode works for 14 days and has no restrictions.)

3) If you like, feel free to already play around a little bit with the software. It's fun, promised! :-)

Looking forward to welcome you on Wednesday!

Arno
